

## Rebuilding Together® North Suburban Chicago

Is an affiliate of the national organization of Rebuilding Together, the nation's largest nonprofit organization working to preserve affordable homeownership and revitalize neighborhoods. We fill a pressing need in our communities. The rising cost of living and falling social service budgets have left some of the most vulnerable neighbors without the most basic of necessities, a warm, safe and dry home.

Our nation is facing enormous problems, many of which have reached crisis levels. The low-income homeowners that Rebuilding Together serves are disproportionately affected by these issues.

### Who do we serve?

Rebuilding Together focuses on the issues of homeownership, the elderly, the disabled, veterans and families with children.

Of the 41 million low and moderate-income people in the United States of America, 14.4 million spend more than half of their income on housing.

The number of homeowners who spend more than half their income on housing rose 35% outpacing the 24% of renters.

*changing* lives

YES!
